

PATENT

IN THE SPECIFICATION

Please amend the paragraphs of the specification as follows:

Page 4, the paragraph beginning with the words "FIG. 3A is a block diagram to two PDSN's"...

FIG. 3A is a block diagram of two PDSNs coupled to radio access networks (RANs) wherein a mobile station (MS) has traveled to the vicinity of the second PDSN without establishing new PPP instances; [, and] FIG. 3B is a block diagram of two PDSNs coupled to RANs wherein an MS has traveled to the vicinity of the second PDSN and established new PPP instances, and FIG.3C is a block diagram of an MS traveling from the vicinity of the first PDSN to the vicinity of the second PDSN informing the second PDSN of the number and identities of PPP instances to be established.
